

USGA GHIN

The Official Handicap System of the United States Golf Association

The Bergen County Department of Parks, in partnership with the New Jersey State Golf Association, is happy to bring you the USGA Handicap System.

Every golfer wants to enjoy a fair match on any golf course. The USGA Handicap System is designed to allow golfers of differing abilities to compete on an equitable basis and thereby increase the enjoyment they derive from a round of golf. The USGA Handicap Index is revised throughout the golf season and is based on players' scores and the relative difficulty of the courses on which their rounds are played.
